Community Relations

School-Community Associations

The Lisbon Board of Education considers school-community groups such as Parent-Teacher Associations or Parent-Teacher Organizations to be integral parts of the school community which can promote better educational programs.

The Lisbon Board of Education encourages active support of and cooperation with school-community associations or organizations by teachers and other employees.

Among the many services which such associations can offer, the Board of Education supports parent/citizen volunteer programs in our schools.

The PTO must obtain administrative approval for all activities and fundraising that involve Lisbon students and/or the school building or grounds.
