Notice of Vendor Security Incident

On July 22, 2019 , we received preliminary notice from Pearson Clinical Assessment of a security incident that impacted a limited number of students' directory information, including names and, in some cases, dates of birth and email addresses. The incident did not involve the Social Security number or assessment information of any Lisbon Central School student. Pearson has not yet provided to Lisbon Central School a list of impacted students. If your child has been affected by this incident, we will contact you directly via email with additional information.
