

January 6, 2022

Dear Parents and Friends,

We hope all is well. Here is the latest news...

Inclement Weather

There is a possibility of snow tomorrow. Please be on the alert for possible notifications of delay or cancellation of school for tomorrow morning. We will hope for the best.

Instruction during Quarantine Periods

If your child has to be quarantined for any period of time, please know that we are setting up Moby Max for all children in grades K-8 to use while at home. Students will be required to do work in Language Arts for 75 minutes and Math for 75 minutes per day with another half hour of silent reading. This will account for a full day of school, as long as they engage in the work. Kindergarten students will be counted in attendance as long as they make an attempt to engage in the work for as long as possible. PreK students will be using the Sparkle App, as indicated by their teachers. Again this plan is meant for short term quarantine periods. This will be put in effect this coming Monday. If your child is in grades PreK-2 and needs a device while out, one can be loaned out to him/her by contacting the school. A detailed information sheet will be sent via email by the end of the day tomorrow. If you have questions, please contact Administration.

Home Test Kits for COVID

If you cannot obtain a home test kit for your child and need one, please contact Theresa Svab during the school day. She will arrange for you to receive one unless we no longer have a supply.

Masks

Please remember to send your child in with a mask which fits appropriately. We appreciate your cooperation.

That is the news for now. Have a good day. Stay healthy and stay hopeful.

Sal and Brian
