# REQUIRED FLU IMMUNIZATION

September 20, 2022

Dear Preschool Parents,

Influenza is a contagious respiratory illness caused by influenza viruses that infect the nose, throat, and lungs. Some people, such as older people, young children, and people with certain health conditions, are at higher risk of serious flu complications. The best way to reduce the risk of flu and its potentially serious complications is by getting vaccinated each year. **The State of Connecticut requires that preschool students receive one dose of the flu vaccine administered each year between August 1<sup>st</sup> - December 31<sup>st</sup> (2 doses separated by at least 28 days required for those receiving flu for the first time).**

Please call your healthcare provider now to schedule an appointment for the flu vaccine. If your child has gotten the flu vaccine since August 1, 2022, please send in a copy of the immunization record signed by the provider.

If you have any questions, please feel free to call our office at 376-6716. Thank you for your attention to this matter.

Sincerely,

Theresa Svab, RN  
School Nurse
