

November 9, 2022

Dear Class of 2023:

Now that you have seen or heard about all the high school options, here's the next step.

Grasso Tech Fill out the application online. Indicate this as the first choice. When prompted for a staff member's email address, use mine, please! ksnyder@lisbonschool.org **Deadline is 12/15/2022** for priority acceptance. Applications after this date may not be accepted and you'll be waitlisted.

Griswold Registration will be in late winter. If you'd like to **shadow** the deadline to do so is 11/18/2022. They only allow shadowing on 12/8 or 12/9.

Ledyard Agri -Science: The application is online. A teacher and I need to do recommendations in addition to another non-family member. **Please get this to me no later than 12/15/22.**

Lyman Memorial Shadowing is available. Registration will be in late winter.

NFA Link to begin the registration process is open on the website. **Shadowing is available** on the website. Recommendations for levels (college prep, regular, intervention) will be done by your teachers. They no longer require a placement test. Choosing electives will be in late winter, or early spring 2023. Additionally, use a parent email that is checked often so you do not miss any important steps! A Lisbon student account is **NOT** to be used for this.

Norwich Tech Application online. Indicate NT as your first choice. **The deadline** for priority consideration is **12/15/2022**. Applications received after that date will likely be waitlisted. When prompted for a staff email, use mine, please! ksnyder@lisbonschool.org

Marine Science Magnet High School Lottery only. Submit your name on their website. We'll find out in February 2023.

A word to the wise: You cannot get in if you don't apply. If you have **any thoughts** of attending a technical, magnet or Agri-science school **apply now**. You can always say no thank you to that school later if that is your choice!

As always see me (or email me) with any questions.

Sincerely,

Ms. Snyder
