

June 12, 2023

Dear Parents and Friends,

Happy Summer! We would like to share the following information with all of you:

Class of 2023

The Grade 8 graduation ceremony was held last Thursday in the LCS school gymnasium. Best wishes to all of our grade 8 students as they transition to their prospective high schools.

Summer Reading and Math Challenge

It's that time of year again that we encourage our students to participate in the Summer Reading Challenge and Summer Math Challenge.

- [CONNECTICUT READS, the 2023 Governor's Summer Reading Challenge](#), encourages students to read over the summer months. To support summer reading, the Connecticut State Library's statewide [eGo eBook](#) platform is now available through many local public libraries and provides access to digital resources for all ages. Please have your student share their summer reading experience using this [journal](#).
- Involvement in the [Commissioner's Summer Math Challenge](#) will support and enhance our efforts to help every student access grade-level content. [This year's theme is "Infinite Possibilities with Math."](#)

Student Class Assignments

We would like our families to know that student class assignments will be emailed out in August.

LCS PTO Information

Please check out the [LCS PTO Facebook](#) page for more information on upcoming events.

Lost and Found

Our [lost and found area](#) located in the library hallway has accumulated quite a number of lost articles of clothing and other items. If your child is missing something, there is a good chance that it is located in our [lost and found area](#). If you would like to check out this area for any lost items, please visit the school between 9:00 am and 12:00 pm by Friday, June 16, 2023. After this date, we will donate these items to Goodwill.

Healthy Hint of the Week

Laugh and smile! Celebrate those moments that make you happy. Taking time to express your positive emotions can impact your health and happiness. Laughter helps to cope with stress and can boost your mood (even forced laughter can give you a temporary boost).

From the Nurse's Office

Please [click on this link](#) to read the latest update from Mrs. Svab, our school nurse, regarding sports physicals for next school year.

NFA Summer Science Camp

NFA will be holding a Summer Science camp for students entering grades 6-8. The dates of this summer camp are July 10-14 from 8 am-12 pm. This opportunity is FREE for Lisbon students. Please click [on this link](#) for more information and to register for this summer opportunity.

Have a wonderful week.

Christopher & Sal
