From the Nurse

Please [click on this link](#) for a friendly reminder from Mrs. Svab about cold weather and cold and respiratory illnesses. Also, we would like to remind our Pre-K families that all Pre-K students are required to get their flu shots before December 31st. If your Pre-K child has not yet received their flu vaccine, please call your healthcare provider ASAP to make an appointment. The nurse's office needs a flu vaccine on file for this school year to meet the State of Connecticut influenza requirements for Pre-K.

Healthy Hint of the Week

Avoid bright light before bed. Light affects how your body prepares for sleep, so keeping your screens on before bed can interrupt your sleep cycle. Light can prevent your body from secreting melatonin – the hormone that makes you tired and helps keep you asleep.

We hope that you all have a great weekend.
